How to Enroll in a Health Plan

What is the Medicare-Medicaid Alignment Initiative?

There is a new program (initiative) for adults who are enrolled in both Medicare and Medicaid.

The new program will bring together (align) all your Medicare and Medicaid benefits.

The new program is called the Medicare-Medicaid Alignment Initiative.

When you enroll, you will choose a primary care provider (PCP) and one health plan to cover all your healthcare.

If you do not choose a PCP and health plan, we will choose for you. It is better if you choose because you know your healthcare needs best!

If you do not want to be in the Medicare-Medicaid Alignment Initiative, you can opt out (decide not to enroll).

Here's how to enroll:

1. Choose a PCP

You will choose a doctor or clinic to be your PCP. Your PCP will keep all your records, take care of you when you're sick, and help you manage diseases and medical conditions.

Your PCP will also answer your questions, give you information to help you stay healthy, and make referrals when you need a specialist.

To help you choose a PCP and health plan, think about your answers to these questions:

- Do you want to keep your doctor or clinic, or do you want a new doctor or clinic?
- Does the health plan have the doctors, hospitals, and specialists you use?
- What extra services does the health plan have?

2. Choose a health plan

When you enroll (become a member) in the Medicare-Medicaid Alignment Initiative, you will also choose a health plan.

All health plans have:

- A choice of doctors, specialists and hospitals
- A team of providers and care coordinators who will help you reach your health goals
- The benefits you get now, plus extra services

If you have questions about Medicare, call **1-800-MEDICARE** (1-800-633-4227) 24 hours a day, 7 days a week.

TTY users should call 1-877-486-2048. The call is free!
