Dear [addresseeName]:

**Important: You are being enrolled in the Medicare-Medicaid Alignment Initiative (MMAI)!**

To help your Medicare and Illinois Medicaid benefits work better for you, we are enrolling you in an MMAI health plan. With MMAI, you get all your Medicare and Medicaid benefits in one plan.

**Your new coverage starts [detailActionEffDate].**

Your MMAI plan will cover your Medicare, Medicaid and prescription drug benefits, including Medicare Part D. Your plan will also coordinate all your health care and long term services and supports. These include primary care, mental health care, hospital care and specialty care. Most MMAI plans also offer extra benefits, such as more dental care and lower prescription co-pays.

**If you want to choose your MMAI plan, you must choose by [respondByDate].**

These are the health plans you can choose from:

- [PLAN_NAME]
- [PLAN_NAME]
- [PLAN_NAME]
- [PLAN_NAME]
- [PLAN_NAME]

You can get this information in other languages or formats, such as large print or audio.
If you don't choose by [respondByDate], we will choose this plan and Primary Care Provider (PCP) for you:

<table>
<thead>
<tr>
<th>Health plan</th>
<th>PCP</th>
<th>PCP location</th>
</tr>
</thead>
<tbody>
<tr>
<td>[detailName]</td>
<td>[pcpName]</td>
<td>[pcpLocation]</td>
</tr>
<tr>
<td>[detailPhoneNum]</td>
<td>[pcpPhoneNum]</td>
<td>[pcpCityStateZip]</td>
</tr>
</tbody>
</table>

If you don’t want the health plan and PCP we choose for you, you can choose a different plan and PCP. You can also choose to keep your Medicare and Medicaid the way it is now. It is better if you choose, because you know your healthcare needs best. For help choosing a health plan and PCP, read Tips to Help You Choose and Your Health Plan Choices that came with this letter.

What happens next:

You will keep getting your prescription drug benefits from your current Part D or Medicare Advantage plan until your new coverage through [detailName] starts. You will not lose your prescription drug benefits at any time. You will get a letter from your current Part D or Medicare Advantage plan. It will tell you that your prescription drug benefits through their plan will be ending right before your new coverage starts.

After your new coverage starts, you must get your care through providers who work with your MMAI plan. Your MMAI plan will send you an enrollment packet and a new member identification card. Your new ID card will replace the cards you use now.

If you need help getting services or prescriptions after your new coverage starts, call your MMAI plan. Your MMAI plan has care coordinators to help you manage all of your health care needs.

**WHEN Waiver/LTC indicator [WaiverLTCIndicator]=0, PRINT:**

If you get long term care or home and community based waiver services:

You may be required to enroll in a health plan for these Medicaid benefits if you are not enrolled in an MMAI plan. If you are required to enroll and do not choose a Medicaid Managed Long Term Services and Supports plan, we will choose [detailName] for your long term care or waiver benefits.
If you want to keep your care the way it is now, you must cancel the MMAI plan before [respondByDate].

Once enrolled, you can opt out of the MMAI program at any time. You will go back to getting your health care and drug coverage services from Medicaid and original Medicare with prescription drug coverage.
